WHEEL PROS®

WHEELS & WHEEL ACCESSORIES

 **BLACK
RHINO**

MOTOR SPORTS IS IN OUR DNA.

OUR WHEELS ARE BUILT BETTER, LAST LONGER AND MAKE YOU A MORE CONFIDENT DRIVER.

We take what we learn from torture testing our products in some of the most demanding motorsport competitions on the planet, from the Baja Peninsula to the 24 hours of Daytona, Formula Drift to King of the Hammers our wheels are engineered to not only meet the demands of multi-million dollar race teams from around the globe as well as automotive enthusiasts in every category.

OUR BRANDS, YOUR BUSINESS.

We have 28 brands under our wings and each one is a segment leader from the streets and the track, to the desert and dunes. No one pushes innovation harder while giving consumers and professional race car drivers alike the same innovative products.

UNCONVENTIONAL IS OUR PLAYGROUND

**WHEN WE ASKED KEN BLOCK TO TEST HIS
NEW RALLY WHEELS. WE HAD NO IDEA
WHAT WE WERE IN FOR.**

Ask any performance-minded enthusiast and you'll quickly learn why Wheel Pros is the trusted source for design, quality, and obliterating the competition. Our wheels not only set the bar with punishing good looks but back it up with brute strength and brawn. Whether you're on the street or engaging your automotive opposition on the track, your ride comes first with Wheel Pros.

IN 2021 WE WELCOMED THE AUTOMOTIVE MANIACS AT [HOONIGAN] TO THE TEAM.

Hoonigan is more than a brand. It's an automotive subculture, fueled on the shared passion of going fast and breaking things... then rebuilding them better than before. The company's signature brand of vehicular savagery is on full display across their network of YouTube channels, serving daily content to a subscription base numbering in the millions. In addition to daily videos and social media content, Hoonigan has long been the production and marketing outfit behind Ken Block's award-winning series of viral videos such as Gymkhana, Climbkhana, and Terrakhana. At the heart of it all, however, is a wide-ranging apparel collection that (along with an authentically automotive-obsessed cast of characters) represents the brand's core ethos: Having fun with cars.

WE ARE WHEEL PROS.

DOMINATING THE WORLD RACING STAGE IN 2022 AND BEYOND.

REBUILDING THE AMERICAN DREAM ONE WHEEL CASTING AT A TIME.

WE'RE RE-INVESTING IN AMERICAN MADE, WITH TWO CAST FACILITIES.

2020 and 2021 brought big challenges and we accepted! Wheel Pros has established two American factories to manufacture select wheels across various brands. From design to casting, machining and finishing, all stages of production are completed by American workers on American soil.

Wheel Pros' goal is to expand these manufacturing facilities and increase U.S. production to levels that the country and aftermarket wheel industry has not experienced in decades. This manufacturing initiative will not only improve the quality of our products but dramatically decrease lead times.

2021 ALSO BROUGHT US A NEW MONOBLOCK FORGED PROGRAM.

EVERYTHING YOUR CUSTOMERS LOVE ABOUT CUSTOM FORGED WHEELS...WITHOUT THE WAIT TIME.

Wheel Pros' Monoblock Forged Program combines the performance benefits of forged wheels with the availability that your customers have grown to expect with Wheel Pros - cutting out long lead times and having more in stock, ready to ship to your location at any time.

Look for the small **FORGED** text under the wheel to find styles for each brand offered under this new program. This is just a small selection of the available stocked forged wheels.

FORGED MONOBLOCK WHEELS

All aspects of the wheel creation process - from design and engineering, to machining and finishing are handled entirely in-house at our facility in York, South Carolina. This gives us a level of control, flexibility and efficiency that is unmatched. We guarantee the quality of every single wheel that goes through our doors, and we back it up with a lifetime structural warranty.

FIND REPLACEMENT PARTS

Our Wheel Acc site has replacement parts like hardware, beadlock rings and center caps for most of our wheels.

1-PIECE CAST WHEELS

Fuel Off-Road 1-PIECE cast wheels offer the big dollar look of custom forged wheels at a much lower price. The modular construction provides the flexibility to customize the finish of the wheel center and outer lip independently, for a truly unique look. Choices include liquid paint, powder coating or chrome center with a contrasting lip finish. Sometimes two really is better than one.

CAST BEADLOCK WHEELS

Built to run in the toughest conditions on the planet, Fuel Off-Road beadlock wheels are designed to meet the demands of hardcore wheelers and desert racers. Every beadlock wheel features a forged beadlock ring and hidden hardware.

Beadlock wheels are for off-road use only, not street legal.

FIND REPLACEMENT PARTS

Our Wheel Acc site has replacement parts like hardware, beadlock rings and center caps for most of our wheels.

CAST 2-PIECE WHEELS

Fuel Off-Road 2-PIECE cast wheels offer the big dollar look of custom forged wheels at a much lower price. The modular construction provides the flexibility to customize the finish of the wheel center and outer lip independently, for a truly unique look. Choices include liquid paint, powder coating or chrome center with a contrasting lip finish. Sometimes two really is better than one.

DUALLY

Fuel Off-Road's cast 1-piece dually wheels are made in fitments for street, lifted and extreme trucks running traditional or super single front wheels. Custom finishing is available, with polished, liquid paint and powder coat options all crafted here under one roof.

Backspace options give you the ability to customize your stock or modified dually truck. We offer three different specs to play with: 2.5", 3.5", or 4.5" spacing, each for a specific look and style.

- STREET** 2.5" spacing for street and A/T tires as wide as 275mm
- LIFTED** 3.5" spacing for street and A/T Tires 285 325mm wide and 12.50 wide M/T tires.
- EXTREME** 4.5" spacing for 13.50 wide or wider M/T tires.

FORGED DUALLY

The Fuel Dually line starts with our exclusive forgings and then we custom machine your wheels to offer a perfect and direct bolt-on wheel tailored to your specific vehicle. You'll no longer need to run adaptors or spacers on your tow vehicle, just mount up some Fuel Off-Road wheels and go. As with all of our wheels we offer custom finishing, from polished to liquid paint and powder coat, its all done here under one roof.

OPTIONS GALORE

Our dually wheels are stocked in 8 and 10-lug configurations with polished and gloss black and milled as finishes. Additionally front wheels can be ordered as standard dually or super single fronts.

Top-to-bottom: FF19 10-Lug Polished, FF19 8-Lug Matte Black, FF19 10-Lug Super Single Polished

THE GRIPPER LINE OF TRUCK & SUV TIRES FROM FUEL OFF-ROAD.

Shown above
GRIPPERX/T

From 17 to 28-inch applications, Fuel Off-Road's Gripper tire never ceases to impress. The Gripper is engineered to withstand the harshest off-roading conditions, while still providing legendary function when actual roads need to be driven. With a wide range of sizes and options for your truck, the Gripper is the obvious choice.

GRIPPERX/T

Fuel Off-Road's most extreme Gripper yet. The X/T will get you through the thick stuff and back through it again. And again. Aggressive lugs and an immense protruding sidewall design takes a bite out of terrain like no other, while still maintaining great traction and a shockingly quiet ride when asphalt is in your way.

MUD TERRAIN

35X12.50R20L	33x12.50R22	35X12.50R22LT	35X12.50R22LT
35X12.50R20XL	33x12.50R22XL	35X12.50R22XL	44X16.50R28LT

GRIPPERM/T

Fuel Off-Road Tire Gripper M/T. If you want aggressive styling and superior traction, don't look any further. Fuel Gripper M/T tires have it covered and are a perfect match for the Fuel wheel line up.

MUD TERRAIN

33X12.50R17LT	33X12.50R18LT	35X12.50R20LT	37X13.50R20LT	35X12.50R22LT	35X13.50R24LT	37X13.50R26LT
35X12.50R17LT	35X12.50R18LT	35X12.50R20LT	38X15.50R20LT	37X13.50R22LT	37X13.50R24LT	40X15.50R26LT

GRIPPERA/T

The Gripper A/T features a bold off-road look that instantly transforms any vehicle. The aggressive, high-void all-terrain tread features a stiff sidewall to help prevent punctures and bruises under the tread and in the sidewall. Built to improve stress distribution, tread life, and wear, the Gripper A/T is your go-to tire for the daily-driven off-road truck or SUV.

FIND REPLACEMENT PARTS

Our Wheel Acc site has replacement parts like hardware, beadlock rings and center caps for most of our wheels.

PRECISION FOR CHAOS

KMC WHEELS
GALLERY

CAST 1-PIECE WHEELS

Moto Metal is loud and ultimately it stands united to defend its persona of eclectic rebellion in the face of society. Not for the mainstream...for the wild. Moto Metal wheels are the ultimate symbol of a culture of unapologetic individuals. Like their owners, they don't play by rules. They are the final piece of a machine built to challenge the norm - loud, and ready to drop jaws.

SPINNERS & SKIRTS

DUB Wheels is the exclusive source for today's spinning wheel designs. Spinners and Skirts are available from 24" and 26" diameters and in 50+ unique designs. We can finish each wheel in almost any way you desire. Skirts, available only through DUB Wheels, feature exclusive technology that allows the face of the wheel to remain stationary as the wheel rolls.

READYLIFT
SUSPENSIONS

ReadyLIFT® Suspension Inc. was founded in 2006 on the principals of developing a line of economical yet innovative suspension leveling products that would allow Truck and SUV owners to be able to "level" their vehicle in order to install Plus-size wheels and tires. ReadyLIFT realized that there was a huge consumer market that didn't want a big lift kit that would compromise fuel economy along with the factory ride and handling. The original ReadyLIFT line of suspension products was developed to provide consumers with a cost-effective alternative for their needs, essentially designing the exact product they were looking for - clearance for bigger wheels and tires, an improved 'leveled' stance, and that "factory" ride & handling.

KITS AVAILABLE FOR: CADILLAC / GMC / RAM / FORD / JEEP / HONDA / HUMMER / TOYOTA / SUBARU

CAST 2-PC WHEELS

Offering a wide range of fitment flexibility, the American Racing 2-Piece Cast styles are built to order. The cast center allows for a wide range of sizes and backspacings at a much lower cost compared to a fully forged 2-piece wheel. The wheels are built using a cast aluminum center welded to a forged aluminum outer barrel. This 2-piece design allows for almost limitless custom finish options for your ride.

ASSEMBLED TO SPEC. OUR CAST CENTER 2-PC WELDED WHEELS ARE AVAILABLE IN ALMOST ANY SIZE AND CONFIGURATION THAT YOU COULD WANT.

We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves. The following charts show sizing available for both soft lip and traditional lip in our 2-Piece wheel style, the F201 Nitrous

STEP 1: FINISH

Pick your finish.

STEP 2: SIZE

Decide between traditional (step-lip) and soft (flat lip) spun forged rim in your sizes. Some sizes not available in both rim configurations, see listing under model for more information.

STEP 3: OFFSET/BACKSPACE

From there, we can accurately place your center into the rim at any chosen offset. We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves.

Customize Your Classic With Either Dog Ear Bolt-On Or Press-In Bases Or Hexthread On Caps. These Allow You To Run Factory Or Aftermarket Knock-off's.

Left-to-right:

Optional knock off cap for threaded hexcaps

For use on threaded hexcap wheels like the Blvd.
P/N 38060-35h

Dog ear bolt-on

Hub base bolts to the dog ear pattern on U.S. Mag Standard.
P/N 1003-63-06h

O-ring press in

Hub base adapts into the center cap opening on U.S. Mag wheels like the Bandit and Rambler.

P/N 1003-83-06h

ASSEMBLED TO SPEC. OUR CAST CENTER 2-PIECE WELDED WHEELS ARE AVAILABLE IN ALMOST ANY SIZE AND CONFIGURATION THAT YOU COULD WANT.

We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves. The following charts show sizing available for both soft lip and traditional lip for each style of U.S. MAGS cast center 2-piece wheels.

STEP 1: FINISH

Choose any of the US Mags 2-piece welded designs from this page, and pick your finish.

STEP 2: SIZE

Decide between traditional (step-lip) and soft (flat lip) spun forged rim in your sizes. Some sizes not available in both rim configurations, see listing under model for more information.

STEP 3: OFFSET/BACKSPACE

From there, we can accurately place your center into the rim at any chosen offset. We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves.

CAST 1-PIECE WHEELS

Since 2005 MSA Wheels has been a leader in both styling and performance, developing dozens of first to market products that are now considered the norm in our industry. We have a hard-earned reputation thanks to our artisanal designs and flawless engineering practices and hold you and your rig's needs in first place. We dominate the mud, yet still paved the way for the big wheel market to become what it is today. The dirt never bothered us and our wheels are proof.

Beadlock wheels are for off-road use only and are not street legal.

Fairway Alloys is a company with roots deep in incredible styling, industrial strength engineering, and customer service that you can depend on. We have taken our passion for vehicles from the road to the cart paths with the same eye for detail and performance. We get asked a lot where our products are engineered and we are proud of the fact that each and every one of our products is extensively designed and engineered right here in the United States and tested in our big backyard, the Rocky Mountains of Colorado.

TREAD AWESOMELY.

EPX Performance Tires have been at the forefront of engineering the world's best performing offroad tires for UTV, ATV and Golf Cart fitments. We take our designing serious, spending countless hours in the field to ensure that each and every approved tread pattern is the best tire we can produce. Each and every tire design we manufacture has been abused in the mountains of Colorado, flats of California and the backwoods to Texas to ensure that no matter your terrain preference, we have a tread that fits your style. For 2022 we are proud to introduce three new designs to our current line-up.

Small Diameter Spline Lug & Lock Kits*

- Available in 4, 5, 6 and 8 lug kits with lugs only or including locks
- Lugs are heat treated for strength and durability
- Narrow Spline lug style and thin wall socket for compatibility with all aftermarket wheels
- Wheel Pros recommends Gorilla Spline lugs for all wheel applications

Factory Style Replacement Lugs and Locks*

- Factory Style Lug Nuts and Locks are designed to match OEM lug nuts from Ford, GM, Mopar, Toyota, Honda and more!
- Chrome or Black solid steel lug nuts replace problematic "capped" lugs
- 4 pack and System lock sets add security

Lug Bolt and Lock Sets*

- Available for OEM applications with unique lug bolt styles like VW/Audi, Mercedes and BMW
- Small Diameter Spline lug bolt kits for aftermarket wheels with narrow lug pockets
- Extended Bolt Lengths available for up to 20mm spacers
- Cold Forged, Heat Treated and Rolled Threads for strength and durability

Spike Lug Kits*

- Available in 4, 5, 6 and 8 lug kits in Chrome, Black and Red & Blue Tip finishes
- Short 3" Length for UTV and Car applications, 4.25" Length for Cars and Trucks
- Lugs are heat treated for strength and durability
- Included hollow spike socket for installation and removal

Tools, hub rings, weights TPMS, & more...

- Hub Centric Rings, Thin wall sockets, torque wrenches for safe installation
- Adhesive Wheel Weight strips and rolls in silver and black
- Gorilla Powered by Schrader TPMS sensors and programming tool

ReadyLIFT® is proud to offer its customers a FREE powertrain warranty. The most popular line of suspension products on the market just got better with the introduction of an unprecedented 5-year - 60,000* mile Powertrain Warranty.

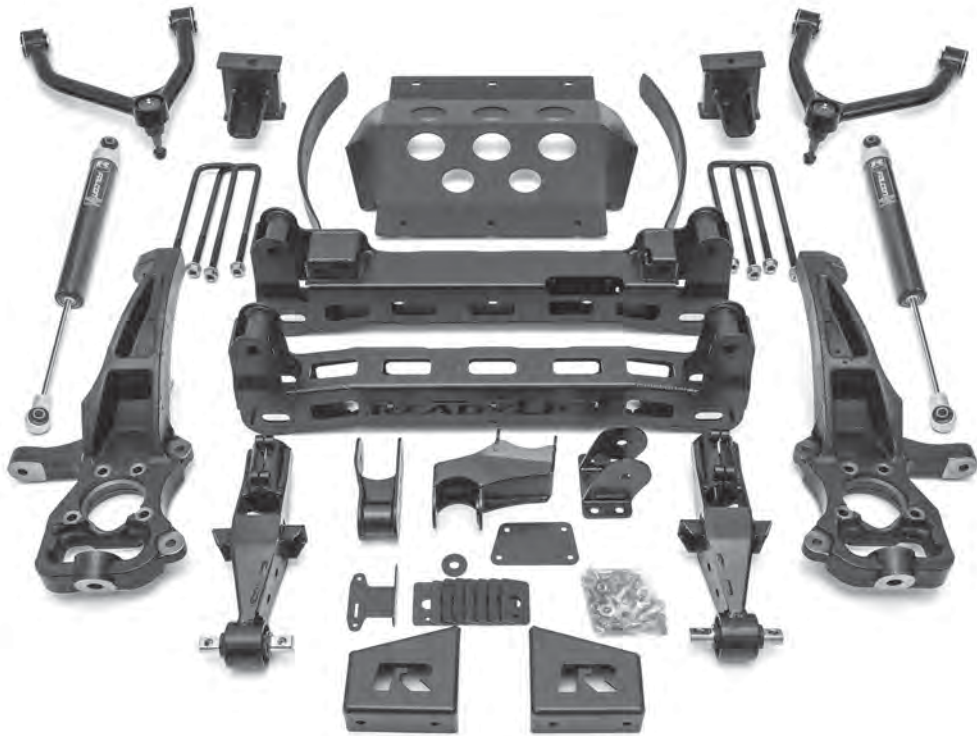

LIFE LIFTED.

PROFESSIONAL GRADE SUSPENSION KITS.

LEVELING KITS
SST LIFT KITS
BIG LIFT KITS

ReadyLIFT® Suspension Inc. was founded in 2006 on the principals of developing a line of economical yet innovative suspension leveling products that would allow Truck and SUV owners to be able to "level" their vehicle in order to install Plus-size wheels and tires. ReadyLIFT realized that there was a huge consumer market that didn't want a big lift kit that would compromise fuel economy along with the factory ride and handling. The original ReadyLIFT line of suspension products was developed to provide consumers with a cost-effective alternative for their needs, essentially designing the exact product they were looking for - clearance for bigger wheels and tires, an improved 'leveled' stance, and that "factory" ride & handling.

KITS AVAILABLE FOR: CADILLAC / GMC / RAM / FORD
JEEP / HONDA / HUMMER / TOYOTA / SUBARU

YOUR RUGGED ADVENTURE STARTS HERE!

NEW ARRIVALS FOR RUGGED OFFROAD DODGE RAM 1500 4WD 4-INCH LIFT KIT

Rugged Off Road™ High Quality Leveling Kits and Suspension Lift Kits for Chevy, GMC, Ford, Dodge, Toyota, Nissan and Jeep trucks and SUVs are the best engineered, best priced suspension products on the market today. Engineered using over a decade of machining experience, Rugged Off Road™ Leveling and Lift Kit products guarantee to lift your truck and keep the factory ride.

You can't beat Rugged Off Road!

RUGGEDSHIELD POWERTRAIN WARRANTY

Our suspension products are engineered and built to provide years of trouble-free service. Rugged Off Road backs its outstanding suspension products with an exceptional 5 year - 60,000 mile RuggedShield Powertrain Warranty. The RuggedShield Warranty is FREE with the purchase and professional installation of any Rugged Off Road suspension product. This exclusive Ready Shield Powertrain Warranty program covers all major powertrain parts so customers can have the peace of mind that their vehicle is covered in the event of a failure related to suspension modifications.

WE MAKE LEVELING & LIFT KITS FOR:

CHEVROLET / GMC / FORD / RAM / TOYOTA / NISSAN / JEEP

READYLIFT IS EXCITED TO INTRODUCE READYAIR.

Level the load in your truck while towing or hauling with ultimate ride quality and load stability. ReadyAIR load leveling products bring this 70 year old market into the 21st century with the latest LOGIQ air spring technology and fully bolt-on kits that ship 100% factory assembled and ready to install.

WHY BUY AND SELL READYAIR?

- Faster Installation - No drilling required... Simple "clamp around" bracket designs combined with 100% pre-assembly cuts installation time in half!
- OEM Integration - Compatible with OEM and most aftermarket fifth wheel hitches.
- Precision Fitment - Built-in features that locate off the factory frame and leaf spring locations guarantee proper fitment, performance and operation for every install.
- Improved Margins - Strong MAP enforcement guarantees dealers don't have to fight against internet retailers to make the sale with a healthy margin.
- Readily Available - All Wheel Pros warehouses have immediate access to inventory for quick delivery.

TOW AND HAUL WITH CONFIDENCE!

- Regain proper suspension travel
- Improve towing control and stability
- Recover proper front-end alignment
- Resolve headlight angle issues
- Achieve a leveled appearance

CURRENT APPLICATIONS INCLUDE:

2017-UP Ford F250/350 WITHOUT Overload Springs.....**PN 88-22170**
 2017-UP Ford F250/350 WITH Overload Springs**PN 88-23170**
 2011-2016 Ford F250 WITHOUT Overload Springs**PN 88-22110**
 2011-2016 Ford F250/350 WITH Overload Springs**PN 88-23110**
 2015-UP Ford F150**PN 88-21150**
 2015-UP Ford F150 Height Sensor Relocation Kit**PN 88-21150-1**

2009-2014 Ford F150**PN 88-21090**
 2020-UP GM 2500/3500 WITHOUT Overload Springs**PN 88-12200**
 2020-UP GM 2500/3500 WITH Overload Springs**PN 88-13200**
 2011-2019 GM 2500/3500 WITHOUT Overload Springs**PN 88-12110**
 2011-2019 GM 2500/3500 WITH Overload Springs**PN 88-13110**

With RAM and many others coming soon...

3/4 & 1-Ton (Dual Air Springs)

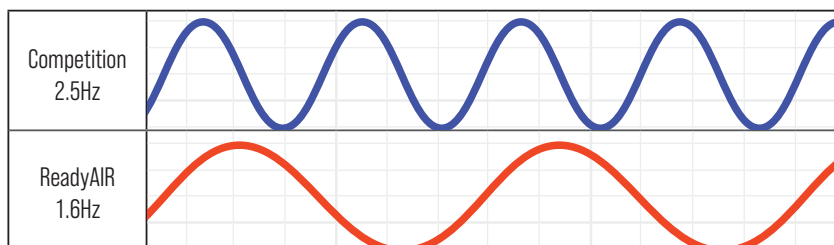

FEATURES

FEATURES	
1	Box frame “clamp around” brackets
2	References factory frame features for a perfect fit
3	Leaf spring “clamp around” brackets
4	Nickel-plated self-sealing air spring fitting
5	OE-style LOGIQ high-endurance air spring for optimal ride quality and load support
6	Dual OE-style LOGIQ high-endurance air spring for optimal ride and load support (up to 7,200 lbs @ 150 psi)
7	Utilizes factory hitch mounting locations
8	References factory leaf spring features for a perfect fit and performance
9	High-strength 3/8” and 1/4” thick steel construction

**LOW FREQUENCY
HIGH PERFORMANCE.**

Ride Frequency is the primary measurement that describes ride quality and more specifically, stiffness or softness. A “Cadillac ride” is about 1Hz while a race car is 3Hz+. The Ride Frequency for a truck is typically designed to be 1.6Hz. ReadyAIR’s LOGIQ air springs maintain a ride frequency of 1.6Hz even with payload on-board.

PROPERLY SCALED TO MATCH THE SIZE OF YOUR TRUCK

Rather than using the archaic “one-size-fits-all” approach, ReadyAIR properly scales the air spring size and quantity to truly maximize your specific truck’s towing and hauling capability.

IMPROVED RIDE QUALITY, STABILITY AND LOAD SUPPORT

Competitor double-bellow style air springs have a natural frequency of ~2.5Hz (close to race car stiffness). LOGIQ Air Springs have a 1.6Hz natural frequency to ensure that you will feel the difference.

MORE SUSPENSION TRAVEL

Competitors limit the factory travel and typically eliminate the OE bump stops. ReadyAIR kits have improved suspension travel and retain the factory bump stops for optimal suspension performance.

LIFETIME WARRANTY

All ReadyAIR suspension kits come with Limited Lifetime Warranty and a FREE ReadyGUARD 5-year - 60,000 mile Powertrain Warranty.

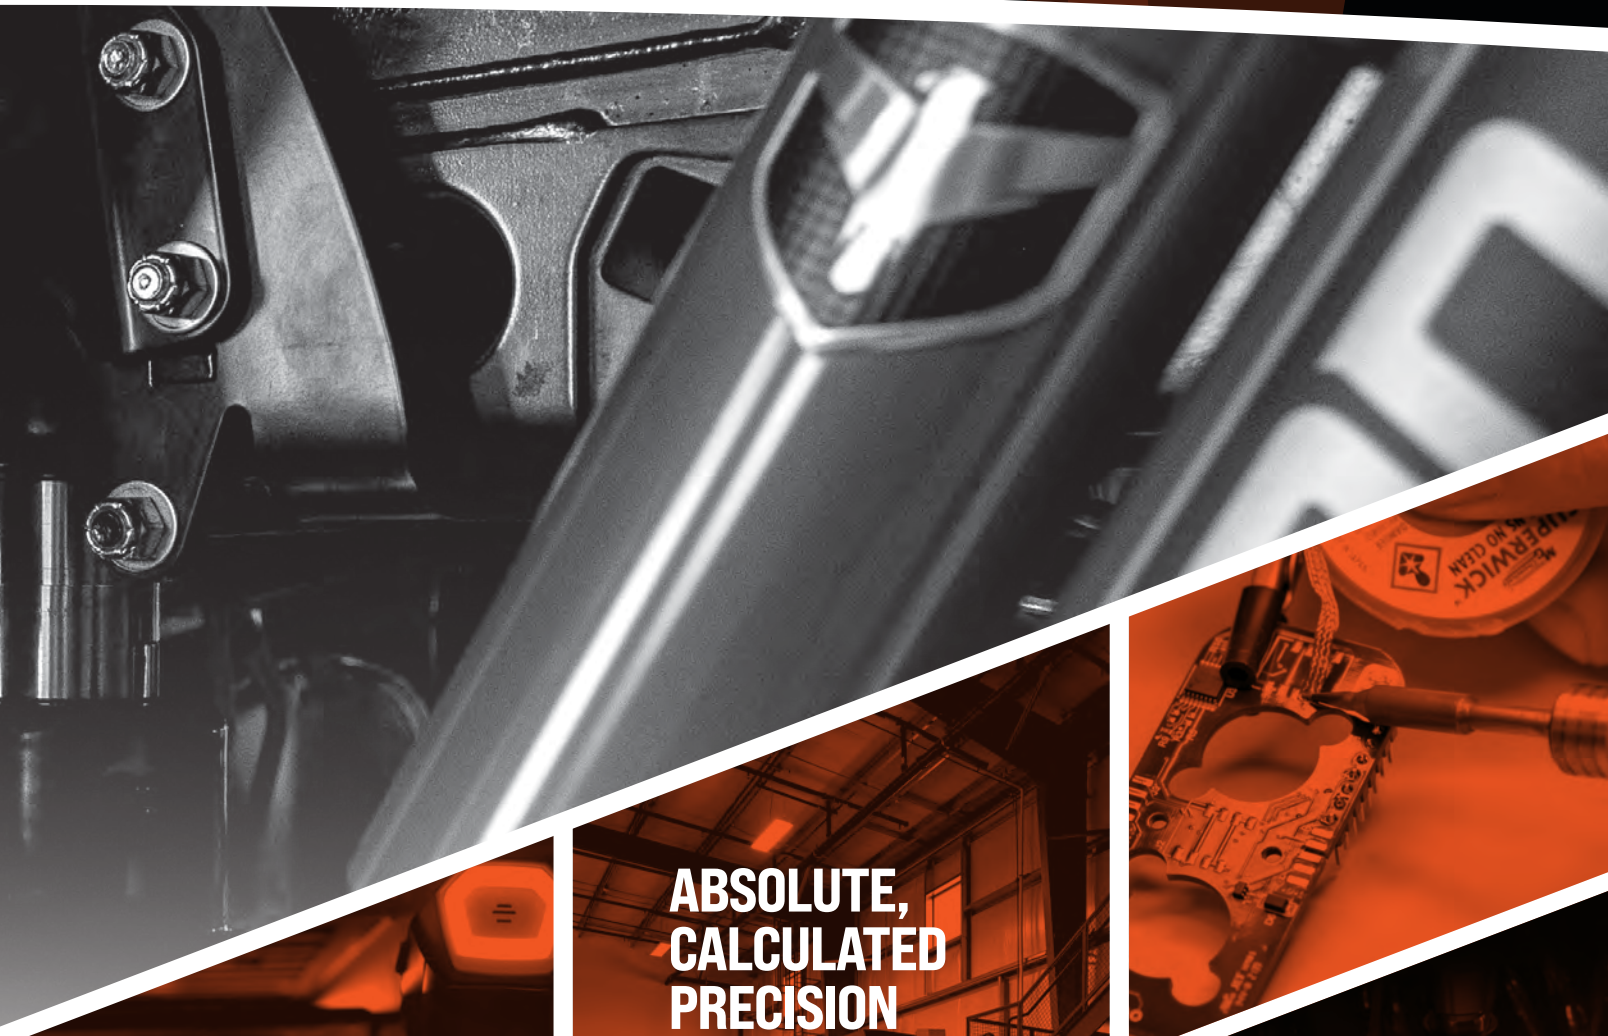

ENGINEERED WITH PRECISION, FORGED BY PASSION.

LOGIQ Air Suspension Solutions is an advanced technology provider that is reimagining every aspect of air suspension to bring an all-new level of performance, ease, and reliability. LOGIQ air springs and electronic air management systems will provide the industry with the most highly optimized experience for every type of air suspension customer.

THE VERY CORE OF LOGIQ'S TECHNOLOGY: AIRIQ ELECTRONIC AIR MANAGEMENT.

The AirIQ system will completely redefine the limits of what a modern air suspension system is capable of. AirIQ is based around a patent-pending modular architecture that allows the system to be configured for use with 1, 2, 3, or 4-corner air suspension systems and has the ability to level based on integrated pressure sensors or optional height sensors. The AirIQ Bluetooth App provides a user-friendly interface for precise adjustment of air pressures, effortless height management, and the ability to save custom presets for varying loads and vehicle setups, all with a few simple taps from your favorite mobile device. AirIQ also integrates groundbreaking sensing technologies for ultimate accuracy and ease of installation.

**ABSOLUTE,
CALCULATED
PRECISION
IS OUR LOGIQ
AND WHEN IT
COMES TO OUR
PRODUCTS; WE
STRIVE TO BE
THE METRIC FOR
UNMATCHED
PERFECTION.**

**IN 2021
WE BROKE GROUND
ON OUR STATE-OF-THE-ART
ENGINEERING FACILITY.**

100% of LOGIQ's prototyping and R&D is completed in San Luis Obispo, California using world-class processes, equipment, and techniques. With the most advanced engineering software, rapid 3D printers, CNC plasma cutting, and the baddest 5-axis CNC machining center available, prototypes come to reality in hours resulting in the most rapid new product development in the industry

NIGHTTIME DRIVING HAS NEVER BEEN MORE EXCITING!

Morimoto Lighting was established in 2008 to fill the gap in the aftermarket for high-quality automotive lighting products. We have been the trendsetting benchmark for over a decade, using our in-house designs and engineering expertise to create the products enthusiasts and quality-minded people demand. If you have found yourself unimpressed with the 'dime-a-dozen' headlights, taillights, and off-road products available from other manufacturers, then you will be impressed with our top-of-the-line selection of exciting lighting upgrades. The Morimoto XB LED headlights are the best in the world because we designed them to outperform anything else, with OEM quality and style people actually enjoy. Our full-replacement LED headlights install the same way the originals do, and are 2x-6x brighter than what you have now. Transform your nighttime driving experience today with Morimoto Lighting, the automotive lighting benchmark!

MORIMOTO LIGHTING PRODUCTS ARE NOW AVAILABLE THROUGH THE SAME FAST DISTRIBUTION CHANNELS AS ALL YOUR OTHER WHEEL PROS ORDERS.
