Conquer 280

Above and beyond the deep stuff

Made to advance the mountain journey. The Conquer is the lightest mountain design track providing the ultimate in flotation, traction and performance. Its next generation lug geometry reaches new levels of balance in deep snow.

- Lightweight model increases available HP thanks to less rotating mass
- New lug design requires 20% less rider input on turns and 25% less throttle to hold on side hills
- 2.8" alternating single-angled lugs push performance in all-season riding conditions
