4.....	5/16-18" Hex Flanged Lock Nut
8.....	7/16" Flat Washer, SAE
2.....	7/16" Lock Washer

Figure 1

INSTALLATION INSTRUCTIONS:

- Arctic Cat Only**
Place the 2 u-bolts on machine frame as shown in Figure 2.
Skip to step 3.
Note: Some models may require holes to be cut (A) in the skid plate to allow clearance for the u-bolts. (See Figure 2)
- Suzuki Only**
The King Quad, Eiger and Vinson uses the other sets of u-bolt holes (G) as shown in Figure 5. Use the best fit for your machine.
- Remove front bolts (B) from foot rests (Figure 2).
- Install mount plate loosely to foot rest using included M10 bolts, 7/16" flat washer and 7/16" lock washer (Figure 3&4, C&D).
Note: Use extra washers provided in hardware kit as spacers between the foot rest and mount plate if needed (Figure 3,E).
- Insert u-bolts through slots in mount plate and install 5/16" flanged lock nuts (Figure 4,F or G).
- Tighten down all nuts and bolts. (Make sure u-bolt ends are even.)
- See ATV Plow Tube System instruction manual for tube attachment.
