MPS-RZKIT AUDIO UPGRADE KIT FOR SPEAKER PODS WITH SUBWOOFER BOX AND AMPLIFIER BRACKET

PRODUCT OVERVIEW

Upgrade your listening experience and protect your audio equipment with the all-in-one durable, weather-resistant audio upgrade kit for 2014-up* Polaris RZR models. The MPS-RZKIT comes complete with the MPS-RZSP speaker enclosures and the MPS-RZSB subwoofer box and amplifier bracket. With high-quality HDPE construction that can withstand harsh outdoor environments and a black textured coat that matches the factory finish, this kit protects your equipment and provides a flawless look. The speaker enclosure fits 6.5" - 6.75" speaker pods that bolt into the upper footwell and the subwoofer box provides a 10" subwoofer mounting solution that replaces the glove box. This kit also includes (2) amplifier mounting brackets and stainless steel hardware for easy installation.

- Package includes MPS-RZSP and MPS-RZSB, complete with stainless steel mounting hardware
- Fits 2014-up* Polaris RZR 900/1000 models
- Includes a 10" subwoofer mounting solution to replace glove box
- Includes left and right speaker enclosures for 6.5" - 6.75" speaker pods
- Includes 2 vehicle specific mounting brackets for 2014-2017 and for 2018+
- High-density polyethylene (HDPE) construction provides a corrosion-resistant and eco-friendly material ideal for harsh outdoor environments
- Protects speakers and subwoofer equipment without compromising sound quality
- Black textured coat finish matches the factory finish for a flawless look
