12-201	Silver 7/8"
12-204	Black 1-1/8"
12-203	Silver 1-1/8"

Outlaw Racing CR Replacement Rubber Mount Cones

Outlaw racing replacement cones are designed for CR/CRF stock mounts (will also fit some aftermarket clamps). These replacement cones are more dense than stock Honda cones, but still allows good vibration absorption and won't allow the misalignment and over flexing found on stock mounts.

#0RRC

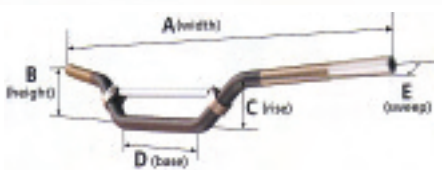

Outlaw 7/8” Aluminum Handlebars

Aluminum bars are made from top grade 7075-T6 aluminum with 5mm walls. Features include: shot-peened finish, laser marked positioning grid, knurled clutch end and cut-off indicators. High strength aluminum crossbar with your choice of bar pad color. 3 bends to choose from: Mini, Low or High.

PP278

HANDLE BAR BENDS

MINI	732	100	85	185	63
LOW	798	74	53	200	58
HIGH	807	110	85	205	67

Outlaw Racing Grips

Half-waffle hale-diamond design with safety wire groves in grips. Compound is pliable enough to absorb vibration without feeling mushy yet with excellent wear characteristics.

PP280

Outlaw Racing Dual Compound Grips

This 1/2 waffle grip has a dual compound formulated to achieve the optimum combination of strength, tackiness and shock absorption. Dual compound grip combines the longevity of the firm grip and feel of the soft compound. Choose from: Black, Blue, Orange and Red.

PP2671

Outlaw Racing Bar Pad

Dresses up any set of handlebars plus adds protection.

PP2568

Outlaw Racing Grip Donuts

At 6mm thick Outlaw Grip Donuts will outlast other brands, a simple product that works. These trick neoprene donuts cushion your thumbs from rubbing blisters against the grip flange and throttle housing. Available in Blue, Red and Black.

PP166

Outlaw Racing Quick Adjust Clutch Lever with Compression Release

Two sealed bearings in the lever insure smooth action and control. This unit comes with a compression release lever. OEM type levers can be used as a simple replacement. The perch features a quick adjust for on the fly tuning, and a poly sleeve to allow the perch to swing out of harms way in the event of an impact. Both the lever and perch are constructed using a cold forged technique for unsurpassed strength and durability. This unit also has a compression release lever. Available in anodized black, red or blue.

Replacement Lever

PP2463

PP2463

PP253

PP253

Outlaw Racing Quick Adjust Clutch Lever

This Bearing adjuster utilizes a precision sealed bearing to insure smooth action with no slop, keeps mud out better and allows easiser mounting of handguards. OEM type levers can be used as a simple replacement. The perch features a quick adjust for on the fly tuning, and a poly sleeve to allow the perch to swing out of harms way in the event of an impact. Available in anodized black, red or blue.

PP180

Replacement Lever PP2463

Outlaw Racing Ez Pull 3 Position Clutch Lever & Perch

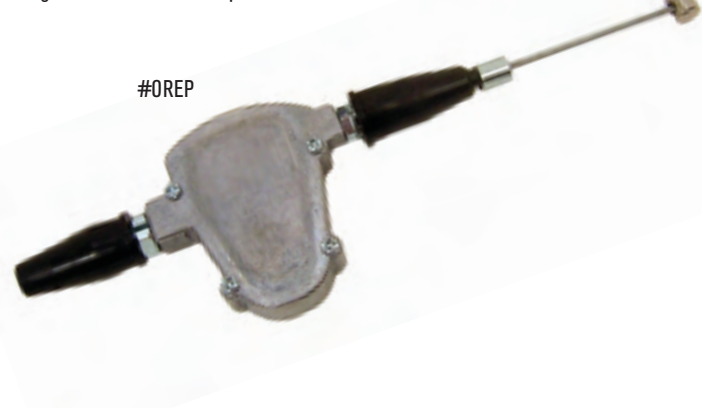

3 positions lever lets you choose from 3 positions according to your clutch pull preference. Top position gives you increased cable pull, middle position is the same as a standard lever, bottom position provides an easy pull (30% less effort). Cable adjuster has swivel action for the different cable angles, universal fit for all bikes. Made from forged aluminum.

#L10-001

Outlaw Racing Easy Pull System

Constructed of high-strength forged aluminum. Inner linkage increases leverage ratio and eases clutch pull.

#OREP

Outlaw Racing Lever Sets

Forged alloy construction exceeds OEM specifications. These replacement levers fits stock brackets and front brake perches.

Outlaw Racing CRF Billet Dip Stick

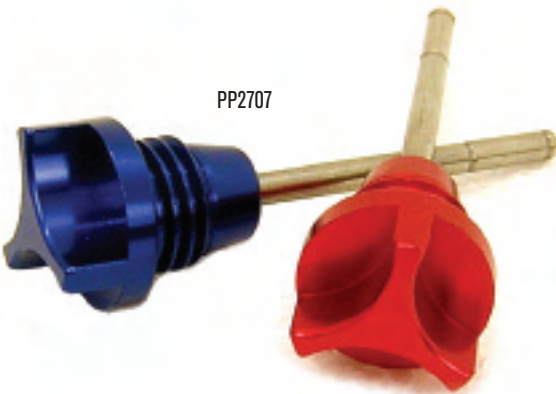

Add some coolness factor to your bike with 6061 billet aluminum dipstick by Outlaw Racing Products. Fits CRF250R, CRF250X, and the CRF450X.

#12-103

Outlaw Racing CRF150R Billet Dip Stick

Add some style to your ride, With this billet anodized oil fill cap. As always with Outlaw Racing Products your satisfaction is our number 1 goal, if you are not completely satisfied with our product upon arrival you can return it no questions asked. Fits Honda CRF150R ALL.

PP2707

Outlaw Racing KTM65 Oversized Brake Pads

Tired of the typical KTM65 brake pads bending and wearing out too quickly? The Outlaw Racing Brake Pads are oversized and will out last and perform standard brake pads. The typical KTM65 brake pads tend to bend inward when they wear out, Outlaw oversized pads are made for an even wear and solid structure to prevent this from occurring. The metallic sintered pads offer more controlled braking; these pads are a must for a KTM65.

NOTE: These brake pads do not utilize the stock spring clip. When removing & installing rear wheel, make sure brake pads are still mounted correctly in caliper when replacing wheel.

#OR325

Outlaw Racing KTM65 Axle Blocks Spacer

Tired of bending your OEM Axle blocks, then replace them with these billet extra thick will not bend blocks. Fits KTM65 all years available in Orange or Black.

#ORS

Outlaw Racing KTM65 Billet Oil Site Plug

Replace your plastic oil site plug, with billet anodized plug with brass washer. Colors: Red, Black and Orange.

#OROC

Outlaw Racing Fuel Mixture Screw

FCR carb: Fits Keihin Pumper Carburetors ('FCR'). This part fits all YZ/WR 426/450F, 250F bikes, as well as the YFZ quads (It does not fit the YZ/WR 400Fs), All CRF450 and CRF250 Hondas. They fit the new Kawasaki KX250F, and its brother, the Suzuki RM-Z 250. They fit 03 and newer KTM 'RFS' 4-strokes - 450 and 525 (will not fit 02 and older KTMs). Choose from Black, Blue or Red.

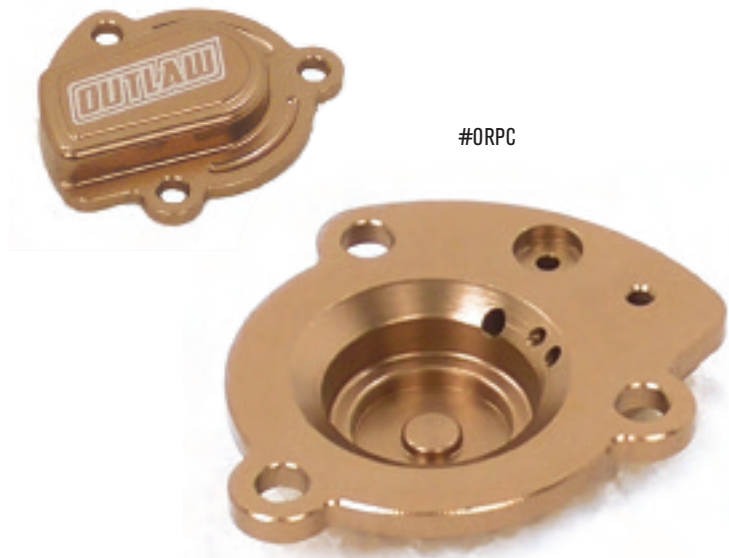

PP1722

Outlaw Racing Accelerator Pump Cover

Fits all FCR Keihin carbs (not CRF250/450 07). Improved low end performance with reduced hot engine stalling. Better off idle throttle response. Bolts on in minutes and requires no modifications.

#ORPC

Posse/Outlaw "Splat" Graphics

Get these high quality Posse/Outlaw "Splat" Graphics and give your bike that factory look you've been looking for. Kit comes complete with left/right shroud, fender arches, and accessory stickers.

PPG

Outlaw Racing Kill Switches

OEM replacement type kill switches have proper wire plug-ins included for each model. No modifications required.

KILL SWITCH

PP1023

Outlaw Racing Moto Wash

High performance all in one motorcycle cleaner. For bike or filter wash. Removes dirt, grime and oily deposits with a minimum of effort. Simply wet your bike spray moto wash on and rinse, no more messy scrubbing. Does not affect rubber, paint or plastic.

ORW

Outlaw Racing Gas Cap Vent Hose

The original colored gas cap vent hose in neon colors. One size fits all. Measures 1/4" I.D. x 18" length. Colors: Blue, Red, Yellow & Green.

PP1088

Outlaw Racing High Pressure 1.6 Radiator Cap

Outlaw racing high-pressure radiator cap will help solve your boil over problems. Raises the boiling point 25+ degrees, great for 2 or 4 strokes. Universal fit on most all offroad bikes.

#12-001

Outlaw Racing Hour/Tach Meter

Keep up with your bike maintenance. Automatic, upon engine start, meter will show RPMs. At engine shut down, meter displays total accumulated running time. Easy installation, comes complete with instructions and mounting hardware.

Hour Meter

PP111

Hour/Tach Meter

PP149

Outlaw Racing Hour Meter Bracket

Finally an inexpensive hassle free mounting system for hour meters. Simply remove a bolt that is convenient for you and reinstall bolt with the bracket, that's it. Keeps your hour meter safe and securely attached to your bike. Will fit Outlaw, D.R.D., Hardline, Yamaha and KTM meters. Comes with predrilled holes and mounting screws.

ORHMB

Outlaw Racing Super Seal Air Filters

Superseal neoprene gasket base seals perfectly even in the most extreme conditions without the hassle of messy grease. Extra wide sealing ring for air tight seal. Bonded dual layer foam, the course outside layer catches large particles and resists clogging while the fine inner layer filters the finest dust. Outlaw filters are larger than stock for greater airflow and more engine protection.

Outlaw Racing Fork Relief Valve

Release fork air pressure buildup with the push of a button. Allows you to keep your forks working at peak performance after each ride without the use of any tools. Easy to install, fits Showa, Kayaba and most conventional forks. Sold in pairs.

12-207R Red
12-207BU Blue
12-207BK Black

Outlaw Racing Fork Relief Valve KTM

Release fork air pressure buildup with the push of a button. Allows you to keep your forks working at peak performance after each ride without the use of any tools. Installs quickly in the existing bleeder hole without modification. It is light, looks good, seals with O-ring seal. Has enough clearance to clear the hex on the fork cap. Fits KTM fork caps as well as all WP 43 and 48mm fork caps. Sold in pairs. M.4x0.7.

12-208BK Black
12-208O Orange

PP2708

Outlaw Racing Lauch Control

Simple bolt-on item that prevents wheeling off the start, by compressing the forks down, then releases easily and automatically when the forks are compressed under braking. Made from billet aluminum, instructions included.

7/8" OR 1-1/18" BARS

PP2634

Outlaw Racing MX Hand Guards

Super-tough high impact plastic hand guards protects hands from brush, rocks, mud as well as cold wind. Designed to be lightweight and easy to mount. Universal mounting system to fit all motorcycles and ATVs. All mounting hardware included. Colors: Black, Blue, Green, Orange, Red, White or Yellow.

PP2667

Outlaw Universal Brake Saver

A simple, inexpensive brake pedal saver you can't afford to be without. Anchors brake pedal to your frame. Keeps deep ruts, roots, rocks, and trail trash from ending your ride and draining your pocketbook. Simply run cable through hole in side of brake pedal and wrap other end around frame, then crimp provided connector to wire. Some brake pedals may require small 1/8" hole to be drilled

ORBS

Outlaw Racing Vent Cap

Replaces old vent line and lets your tank breathe without splashing out of the overflow tube. Colors: Silver, Gold, Blue, Red, Orange and Black.

#12-067

Outlaw Alloy Die Cast Rim Locks

High quality aluminum body with molded rubber flap. Choose from four sizes: 1.60", 1.85", 2.15" & 2.75".

PP1036

Outlaw Racing Mud Guards

Keeps dirt and water out of your tire. Available in black, blue and red. Sold in pairs

ORMG

Outlaw Racing Bearing Chain Rollers

Made from durometer polyurethane with pressed bearings. Will last much longer than expensive O.E. rollers. Includes mounting bolt. Two sizes to choose from 32mm or 40mm.

PP307

Outlaw Racing Rear Sprocket Bolt Kits

Complete set of super durable sprocket bolts with high quality lock nuts. 10.9 tensile strength (std. bolts are 8.8).Fits most CR,KX,YZ,RM (96-04)

PP2567

Outlaw Racing Stainless Steel Swivel Exhaust Springs

Stainless steel construction gives superior strength and durability. Swivel hook design eliminates binding and extends spring life. Comes in a variety of lengths, call for your application.

PP174

EXHAUST SPRINGS

Outlaw Racing Folding Shift Lever

Aircraft grade aluminum folding shift lever is tougher than stock and less expensive. 1" longer than stock. CRF/XR50 available in red or blue tip, KLX110 02-04 available red or blue tip, KLX110 05-07 available blue or black tip

Outlaw Racing Filter & Bracket Kit

Improves air flow by removal of the restrictive stock air box. Best performance enhancement for the money. Includes mounting bracket to replace stock air box. Fits KLX/DRZ110.

COMPLETE KIT

FILTER ONLY

#ORFB

#ORFBFO

Outlaw Racing Oil Fill Cap KLX/DRZ110

Billet oil fill cap for KLX/DRZ110 all models. Made out of aircraft grade 6160 aluminum with a quality o-ring. Blue or Black.

PP12

Outlaw Brake Lever

A must for any KLX/DRZ 110 owner. The stock lever is virtually worthless, it bends easily, and snags the ground when you land off a jump. The Outlaw Racing lever routes over the top of the foot peg mount just like a big bike. This design allows the skid plate to hit the ground first instead of your brake lever. Sharpened foot pedal to insure grip. Black powder coated made out of steel, built to last.

#ORBP

Outlaw Racing Chain Guide KLX/DRZ110

Fully wraps the chain to guide it onto the rear sprocket. Replaces the flimsy stock "guard". Helps prevent the chain from derailing and causing engine case damage. Made of anodized 6061 aluminum and HDPE plastic.

#ORCG

Outlaw Racing Tear Off Saver Bag

Tired of creased and damaged tear-offs? The new tear-off saver bags are made with a high quality PVC plastic that will keep your tear-offs from being damaged. for easy access to the tear-offs with an exclusive plastic zipper. Plastic hook for hanging.

#TS

Outlaw Racing Race Numbers

Cut from adhesive-backed vinyl with a gloss finish. AMA and FIM legal. Choose from 6" or 8", 3 per pack in your favorite colors as long as they are black or white.

PP262

Outlaw Racing Blister Busters

Made from high quality neoprene, protects palms from blister, doesn't bunch up in your gloves.

PP291

Outlaw Racing Sportbike Footpegs - Front and Rear

Made from aerospace-grade heat treated billet aluminum. Unique 2 piece design allows for peg angel to be adjusted (great for stunters and streetfighters). Lighter than stock, slash cut for greater ground clearance. Available in Blue, Black, Red and silver.
