VENTED STORAGE BAG

- Vented Storage Bag will not only thaw out those frozen or wet clothing items but keep them warm until you put them on.
- This bag mounts under the hood so that the heat from the engine thaws and heats your frozen or wet clothing items.
- Made with heavy duty mold resistant nylon and mesh.
- 4 loop Universal Mounting

Desc.	PART #
Vented Storage Bag	VB-1

HAND GUARDS

H5000

H5001

STONEWALL HANDGUARDS

The balance between hand protection and flexibility, without sacrificing the bold look of your machine. The Stonewall handguard is a balance between a traditional handlebar muff/ gauntlet and a rigid handguard, its large cupped design keeps your hands warm in the harshest of conditions.

- Flexible design prevents damage during impacts, Tree riding, Roll-overs etc.
- Will not crush, deform, or warp under any condition, including rollovers.
- Recommended by several Top Pro's on the ISOC Amsoil Snocross Championship tour
- two position mounting base is very unique; it allows the handguard to be moved closer or farther away from the grip with ease.

****Requires RSI Handguard mounts - see below**

Desc.	PART #
Stonewall Handuard kit	H5000

LED STONEWALL HANDGUARDS

The LED Stone wall handguards share the same features as the traditional Stonewall handguard with the added visibility/ function of Ultra bright LED's balance between Style, Hand protection and Flexibility, without sacrificing the bold look of your machine. The Stonewall handguard is a combination of a traditional handlebar muff/ gauntlet and a rigid handguard, its large cupped design keeps your hands warm in the harshest of conditions.

- Ultra bright LED's THIS HANDGUARD STANDS OUT
- Plug and play wiring Harness available - Plugs directly into most modern machines 12v power supply
- Comes with On/Off switch
- Flexible design prevents damage during impacts, Tree riding, Roll-overs etc.

****Requires RSI Handguard mounts - see below**
