SOFT MESH MATERIAL SAFVEST®

The models SVSOF and SVSOF-LY are made of Fluorescent polyester material. The reflective material is made from 3M™ Scotchlite™ Reflective Material. Both vests are very popular. They are extremely comfortable while providing excellent visibility. The soft mesh not only provides T-shirt-like comfort but is also easy to fold up for storage while not in use. Both vests are economically priced and are kept in stock for immediate delivery. Available in sizes Regular, XL, 2XL, 3XL, 4XL, 5XL.

Windsock Hardware

Frames are constructed of heavy duty wire with sleeve and set collars. Zinc coated for weather protection. Rotate freely with no maintenance required.

Mounting Instructions: Place pipe collar or flange on 1" O.D. schedule 40 pipe and slide metal brackets of windsock frame over the pipe. Place

the second collar or flange above frame. Pull windsock over the frame and align holes in windsock. Insert plastic ties or cord (cords available) through the holes of the frame from inside of frame and then through holes in windsock. Ties are not included.

Item #	Description
WS10HW	10" Windsock Hardware
WS18HW	18" Windsock Hardware

Machined Bearing Frame

These frames are one of our most popular among aviation enthusiasts as well as general aviation professionals. Manufactured from 1/4" cold rolled steel and designed for many years of service. The frames are zinc plated for a long-lasting, chrome-like finish. A machined bearing is added that allows the windsock to respond to the slightest wind. All you need for installation is a 3/4" collar looking up from

your mast. We have four sizes to choose from - 6", 10", and 13" diameters.

Item #	Description
BFX6	6" Machined Bearing Frame
BFX10	10" Machined Bearing Frame
BFX13	13" Machined Bearing Frame

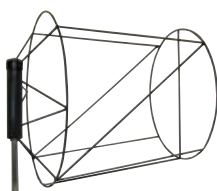

Double Ball Bearing Frame

This frame design is truly a mainstay for general aviation. The strong, sturdy, double ball-bearing and 1/4" cold rolled steel design will offer you many years of exceptional service. Having a 1" collar or female thread looking up allows you to simply screw the extension rod into the awaiting threads for easy installation. We offer this frame in 18", 24", and 36" diameters. Our BB Series frames have just gone through a re-design!

We recently made the ring attachment arms

one piece, both top and bottom. This allows us to make a very strong weld on top and overall creating the strongest frame on the market. We then put a state of the art black powder coat finish on the frame for added durability.

Item #	Description
DBB10	10" Double Ball Bearing Frame
DBB18	18" Double Ball Bearing Frame
DBB24	24" Double Ball Bearing Frame
DBB36	36" Double Ball Bearing Frame

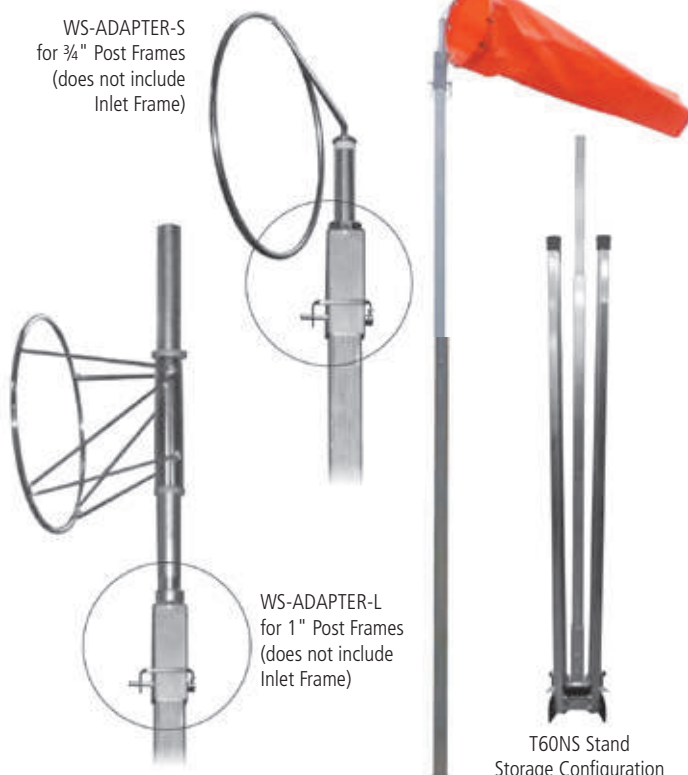

Double Ball Bearing Extended Frame

Use this frame when you wish to have your windsock throat open and ready. The extension extends into the windsock approximately 28" which holds your windsock open.

Item #	Description
DBB18EXT	18" Double Ball Bearing Extended Frame
DBB24EXT	24" Double Ball Bearing Extended Frame
DBB36EXT	36" Double Ball Bearing Extended Frame

Windsock Stand and Adapters

WS-ADAPTER-S

Lexan pockets available.
Also available in Diamond grade.

Guardian™ Sign Stand for 30"-48" Roll-Ups

- NEW NON-TIP SPRINGS.
- Signs adjust 12"-18" above grade.
- Folded – 9"W x 9"D x 26"H.
Weight: 22 lbs.
- Legs adjust & telescope.
- Flag holders available on request.

Item #	Description
GR-30/48	Stand Assembly only
FHRU	3-Flag Holder - sold separately

Sign and flags not included.

Twin Flex

- NCHRP-350 tested and FHWA accepted.
- Two stage aluminum mast holds rigid and roll-up signs 18" off the ground.
- Dual vertical heavy duty steel coil springs for wind resistance.
- Orange powder coated 42" steel legs.
- Kick release system on legs allows for two position leg height adjustment for uneven terrain.
- Storage dimensions: 9" x 8" x 59".
Weight: 40 lbs.

Item #	Description
GAP-R&R	Stand with Rigid & Roll-Up Sign Brackets

Includes FHRU 3-Flag Holder. Sign and flags not included.

Guardian™ Lite Stand for 30" - 36" Roll-Ups

- Adjustable telescoping legs without cumbersome pins.
- Compact & hand tightening handle locks in any Roll-Up sign.
- No special ribs to buy.
- Stability achieved when sign ribs flex and deflects wind.
- Folded – 6"W x 9"D x 26"H. Weight: 15 lbs.

Item #	Description
GL-30/36	Stand Assembly only

Sign not included.

Guardian™ 48-5' Stand for Roll-Ups

- Displays 30" - 48" Roll-Up signs 60" off the ground.
- Heavy duty construction – all aluminum wall thickness .125.
- Dual spring keeps the stand stable in high winds.
- Folded – 10¾"W x 7½"D x 81½"H. Weight: 37 lbs.

Item #	Description
GRR-485	Stand Assembly only

Sign and flags not included.

Tri-Pod Stand for Rigid & Roll-Up Signs

Newly designed, extra heavy duty tri-pod holds any rigid or Roll-Up sign up to 48" x 48". Now meets ANSI NCHRP-350 low speed test (40 mph or under, Level 2).

Item #	Description
RSS-TP	Tri-Pod Stand - 11lbs.

Sign not included.

Heavy Duty Tripod

- NCHRP 350 test level 2 compatibility with rigid or roll-up sign
- Comes with both rigid and roll-up sign brackets
- Rugged galvanized steel square tube construction
- Telescoping mast with triple flag holder
- Storage height: 56"
- Open footprint: 50" x 55"
- Weight: 18 lbs.

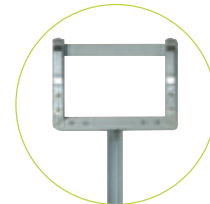

Item #	Description
RSS-TP-HD	Stand Assembly only

Fold & Roll

- NCHRP-350 tested and FHWA accepted.
- Compact storage configuration and easy set up.
- From stored position to deployed position in just 20 seconds.
- Dual torsion spring system for stability and wind resistance.
- Telescoping aluminum legs with two-position height adjustment.
- Available in fluorescent orange or pink.
- Fluorescent pink color recommended by FHWA and NFPA for use at emergency scenes. Made of 3M™ Scotchlite™ Reflective Material.
- Storage dimension 36" system: 7.5" x 8" x 36". Weight 21 lbs.
- Storage dimension 48" system: 7.5" x 8" x 45". Weight 24 lbs.

Item #	Description
DF3000X36	36" Orange Fold & Roll Sign System
DF3003X48	48" Orange Fold & Roll Sign System
DF3000X36PNK	36" Pink Fold & Roll Sign System

Pogo Sign Stand

For economical in-ground installation of 30", 36" and 48" roll-up sign panels. Just step on lower crossbar to drive stand base into the ground. All steel, zinc plated. Dimensions: 56" x 12" x 12½".

Item #	Description
PGS	"Pogo" (In-ground) Sign Stand - 6lbs.

High Visibility Safety Tapes

PRESSURE SENSITIVE REFLECTIVE AND FLUORESCENT TAPES

High Visibility Safety Tapes serve to enhance visibility thereby reducing hazards providing for a much safer working environment. They also provide for fast easy identification of emergency equipment, personnel, and dangerous or restricted areas. Can be used almost anywhere, indoors or out. Surfaces must be cleaned, smooth and dry.

Recommended Uses:

Reflective Tapes: For nighttime use when exposed to automobile headlights.

Fluorescent Tapes: Daytime use from dawn to dusk. Four times more visible than other colors including white.

High Visibility Safety Tapes

Premium Perimeter Pennant Tapes

Pennant Barricade Tapes

Made entirely of Fluorescent SAFLAG® vinyl laminated nylon material, this tough pennant tape can be used repeatedly as a barricade and to increase the visibility of hazardous areas. **Tensile strength is 110 lbs. warp/110 lbs. fill.** Pennants are 18" triangles spaced 18" apart. Leader tape at each end is 20 ft.

Item #	Description
8515	15 Fluorescent Red Pennants 18" x 18" Length including leader tape is 83 ft.
8525	25 Fluorescent Red Pennants 18" x 18" Length including leader tape is 113 ft.

Heavy Duty (OSHA Compliant)

Pennants and leader tape are both made entirely of SAFLAG®, vinyl laminated nylon material, while **the leader tape is reinforced with heavy duty cord, 500+ lbs. tensile strength.** OSHA compliant for construction jobs above ground level or for flat roof work.

Item #	Description
8515/HD	15 Fluorescent Red Pennants 18" x 18" Length including leader tape is 83 ft.
8525/HD	25 Fluorescent Red Pennants 18" x 18" Length including leader tape is 113 ft.
8535/HD	35 Fluorescent Red Pennants 18" x 18" Length including leader tape is 113 ft.

Also available in Yellow. Add **Y** to item # – 8515Y/HD and 8525Y/HD.

Economical Perimeter Pennant Tapes

These 60 ft. long tapes contain 36 bright 9" x 11" polyethylene pennants.

Item #	Description
8636R	Red
8636Y	Yellow
8636M	Multicolor
8636O/W	Orange/White

Tapes also available in 100 ft. rolls.

Heavy Duty (OSHA Compliant)

Pennants and leader tape are both made entirely of polyethylene material, while **the leader tape is reinforced with heavy duty cord, 500+ lbs. tensile strength.** OSHA compliant for construction jobs above ground level or for flat roof work.

Item #	Description
8642/HD	42 Red Polyethylene Pennants 12" x 18"
8642Y/HD	42 Yellow Polyethylene Pennants 12" x 18"

Length including leader tape is 105 ft.

Barricade Tapes - Webbing (Not pressure sensitive)

Made of non-conductive weatherproof woven polypropylene. Yellow/Black for general use and Yellow/Magenta for radiation hazards. Pull tensile strength is 100 lbs. for ¾" tape and 300 lbs. for 2" tape.

Item #	Color	Dimensions
WBT-75 Y/B	Yellow/Black	¾" x 150 ft.
WBT-2 Y/B	Yellow/Black	2" x 150 ft.
WBT-2 Y/M	Yellow/Magenta	2" x 150 ft.
WBT-2 R	Red	2" x 150 ft.

Conspicuity Reflective Tape

2" Wide red and white 3M™ Scotchlite™ Reflective Material for tractor trailers. Federal law requires trucks to now have this tape for better visibility. Each roll is 2" by 50 yards long and meets all Federal and State specifications.

Item #	Description
CONSP-2	2" Red and White Reflective Conspicuity Tape

Reflective Pressure Sensitive Strips

Now a fast, easy way to increase visibility in hazardous situations. Each sheet has (16) 1" x 4" peel off strips.

Item #	Color	Dimensions
6801 W	White	1" x 4"
6802 LY	Fluorescent Lime/Yellow	1" x 4"
6803 RO	Fluorescent Red/Orange	1" x 4"
6805 B	Blue	1" x 4"

Tear-Off Warning Flags

Red Warning Flags on a perforated easy tear-off roll. Each roll has 200 12" x 12" flags. 4 MIL thickness. Great for the back of trucks or on long poles hanging from trucks.

Item #	Description
TF-12	Tear-Off Plastic Flags

Hi-Impact Instant "A" Frames

Designed to accept 2" x 8' wood or plastic board and barricade light.

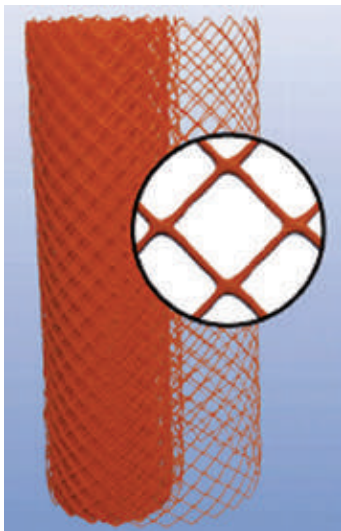

Item #	Description
PAF	Price quoted per one leg/not two

Plastic Barricade Boards

Add these boards to PAF "A" frames. Boards are easily carried and assembled to cover any barricading requirement. Available in 4', 6' & 8' lengths.

Airport Wands

Hand held, battery powered warning light wands for directing aircraft as well as vehicle traffic. Translucent white wand is 21" long and can be operated in 3 states: flashing red strobe, steady red or steady blue. Holds two C cell batteries and has a belt clip. Translucent red wand is 16¼" long and can be operated as a flashing red strobe or a steady red. Holds two D cell batteries. Both with attached lanyard.

Item #	Description
WAND-W	21" Translucent White Plastic Wand
WAND-RO	16¼" Translucent Red Plastic Wand

Batteries not included.

STROBE LIGHTS

Compare our quality!

Heavy Duty Strobe (Low Profile)

Ideal for forklifts, electric vehicles, contractors' trucks and equipment. Flash rate: 60 per minute. Low profile diameter: 3½" dia. x 4" H. Lights are shipped 12V with amber lens.

Features:

- Made in the USA, 2 yr. warranty on power supply.
- Xenon plug-in flash tube.
- Heavy duty strobe light reduces returns and service.
- All major components are field serviceable.
- Anodized aluminum housing (Heavy duty strobe has lexan housing).
- Solid State circuitry double epoxy dipped.
- Reverse polarity, flash tube failure & over voltage protection.
- Hardware & mounting instructions provided.
- S.A.E. & A.A.M.V.A. approved (reduces liability).

Item #	Description
HDS-FM	Flat mount
HDS-PM	Pipe mount (Base threaded for ½" pipe)
HDS-MM	Magnetic mount w/Cigar plug

LED Wand

- 17.5" long, pulsating high intensity red LED baton
- 5 high intensity white LED lights
- Operates in fast red flash, steady red & white flashlight modes
- Magnetic bottom, belt clip & strap
- Uses (2) C batteries (not included)
- 24 pieces per case

Item #	Description
WAND-RO-LED	LED Wand

Whistle

- Faultless, reliable safety whistle
- Includes Lanyard
- High visibility lime and orange colors available

Item #	Description
WH-O	Whistle - Orange
WH-GN	Whistle - Green

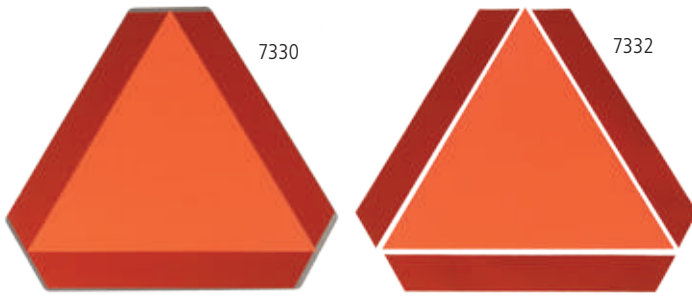

SANDBAGS

The Industry's Highest Quality at the Lowest Prices!

Heavy duty "seamless circular woven" polypropylene sandbags for extended use with industrial twine ties. U.V. Stabilized.

Item #	Description
SB-14W	14" x 26" White
SB-18W	18" x 27" White
SB-14O	14" x 26" ORANGE HI U.V.

Slow Moving Vehicle Emblem

For vehicles designed to travel 25 mph or less. The Fluorescent Yellow-Orange triangle is for daytime visibility and the dark red reflective border reflects headlights at night.

Item #	Description
7330	Metal Emblem – Has two pre-punched holes for direct mounting
7332	Decal – One-piece for direct application

Highway Safety Warning Triangles

Kit of three triangles in high-density plastic case.

- Meets or exceeds all applicable DOT standard FMVSS 125 and all state and legal requirements.
- Set-up requires no tools.
- Precision reflex tooling provides reflectors with high candle power beam for night use.
- Fluorescent inner triangle warns daytime traffic.
- Self-contained unit needs no power source.
- No-skid rubber feet keep the triangle in place in high wind.
- Placement instructions permanently printed on case and triangle.
- Size: 18.75" long x 5" wide x 4.75" high.

Item #	Description
HWK	3 Warning Triangle Kit - 14 lbs.

Corrugated Plastic Floor Stands

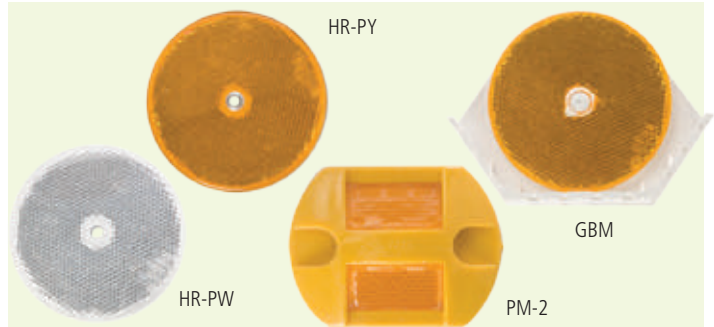

"A" shaped Bright Safety Yellow stand identifies potential hazards both inside and out.

Side 1: CAUTION WET FLOOR

Side 2: CAUTION SLIPPERY WHEN WET

Item #	Description
WFS	12" x 20" Stand with two legends

All Purpose Guardrail and Barrier Mount Delineator

Unique design allows delineator to attach to barrier mount or guardrail as side or top mount. Available with plastic backing. Available with one or two sides reflective. Colors: White or Yellow.

Item #	Description
GBM-P-1-W	One side reflective plastic - White
GBM-P-2-W	Two sides reflective plastic - White
GBM-P-1-Y	One side reflective plastic - Yellow
GBM-P-2-Y	Two sides reflective plastic - Yellow

Aluminum housing and color change available upon request.

Highway Reflector

3" Diameter with center-mount hole. Available with plastic or aluminum backing. Colors in white or yellow.

Item #	Description
HR-PY	Plastic backed yellow
HR-PW	Plastic backed white
HR-AY	Aluminum backed yellow
HR-AW	Aluminum backed white

Temporary Pavement Markers

ABS housing with welded acrylic lens for maximum visibility. Available with one or two reflective sides.

Item #	Description
PM-1	One side reflective (white)
PM-2	Two side reflective (yellow)

Reflective colors can be changed upon request.

Parking Meter Hoods

"NO PARKING" printed on both sides with grommets for padlock. 3M™ Scotchlite™ Reflective Material available.

Item #	Description
SPOM	Single Hood - 12"W x 20"H
SPOMD	Double Hood - 21"W x 25"H

Traffic Safety Equipment

Universal Cone Adapter

Our Universal Cone Adapter fits most common traffic cones. Designed to accommodate signs, flags and lights (battery operated or chemical lightsticks). Adapter also makes it easy to interconnect either barricade tape or rope from cone to cone.

Item #	Description
UCA	Cone Adapter

Traffic Cone Holder

Designed for 18" and 28" cones. Zinc plated cold rolled steel.

Item #	Description
TCH	Cone Holder
