What are SeaSuckers?

6" Vaccum mount is rated for 210lbs of pull strength

Powerful UV inhibitor keeps the rubber plastic from dying out or breaking down

Mounting is a snap! Simply pump your SeaSucker to attach

Detaches in seconds using the built in lift tab

Indicator band disappears once attached. When the orange band reappears, you know it's time to re-pump

Built to handle the elements. Hardware is 316 stainless steel to keep rust away

Easily disassembled for maintenance and upkeep. Simply unscrew the housing
