

SEIZMIK®

EVERY MIRROR—NO MATTER WHAT

YES, EVEN IF YOUR  EATS IT OR YOU SHOOT IT! 

ACTUAL CUSTOMER WARRANTY CALLS—WE CAN'T MAKE THIS STUFF UP.

The following is the warranty procedure for all Seizmik products going forward:

Seizmik will replace the broken or missing parts and send them to the dealer or the end user, whichever works best for the customer.

Never exchange a new set of mirrors for a used set for a warranty claim, this will leave the dealer with a used set of mirrors because Seizmik will replace only the broken parts.

If a customer receives a Seizmik product that is missing parts, please contact Seizmik to have the parts shipped out ASAP. Do not have the product shipped back and exchanged for another one. It is faster to have the parts sent directly to the customer, and saves shipping cost.

Discover other windshields and fairings on our website.
