IP RATING

IP69 rating indicates protection from total dust ingress, long-term immersion, and even steam-jet cleaning. IP67 is for shallow; submersion only.

DEUTSCH CONNECTOR

Rugged, plug-and-play waterproof connector to prevent corrosion and short-circuiting.

GORE WATERPROOF BREATHER

Relieves pressure from LED temperature change to prevent leaks and internal condensation. Interior moisture kills any light.

MIL810-STD TESTED

Tested to withstand grueling military conditions including salt fog, explosive shock, fungus, extreme temperatures, and humidity.

ROHS COMPLIANT

Light bar made free from lead, cadmium, mercury and several other hazardous materials, minimizing the danger to you or your family.

Looking for dependable powersports off-road lights? Rely on Sirius for quality and long-lasting products.
